The national network

Enterprise in UK Universities today

....“Entrepreneurship is a tremendous force that can have a big impact in growth, recovery and societal progress by fuelling innovation, employment generation and social empowerment”....

– WEF Global Education Report 2009

The Hive
CREATING BUSINESS WINNERS

The Changing landscape - today

....“Turning more of the knowledge that is generated in UK Universities into jobs and growth, especially by bringing businesses and universities together to collaborate”....

– Lord Mandelson 06/08/2009

IEEC | International Entrepreneurship Educators Conference

Certified Social Enterprise, www.worldwidewealth.org

"Be the change you want to see in this world" – Mahatma Gandhi

The Changing landscape – the future

....“At a time when the economy is unstable, it’s essential that students are equipped with the knowledge and skills they need to build Britain’s future”....

– Lord Mandelson 06/08/2009

But!

...“Greater awareness is needed about the critical role education has in developing the next wave of leaders, innovators and entrepreneurs who can not only create jobs and value for society but also empower others to dream of a better future”...

– WEF Global Education report 2009
