FoNS: Inspire Enable Improve

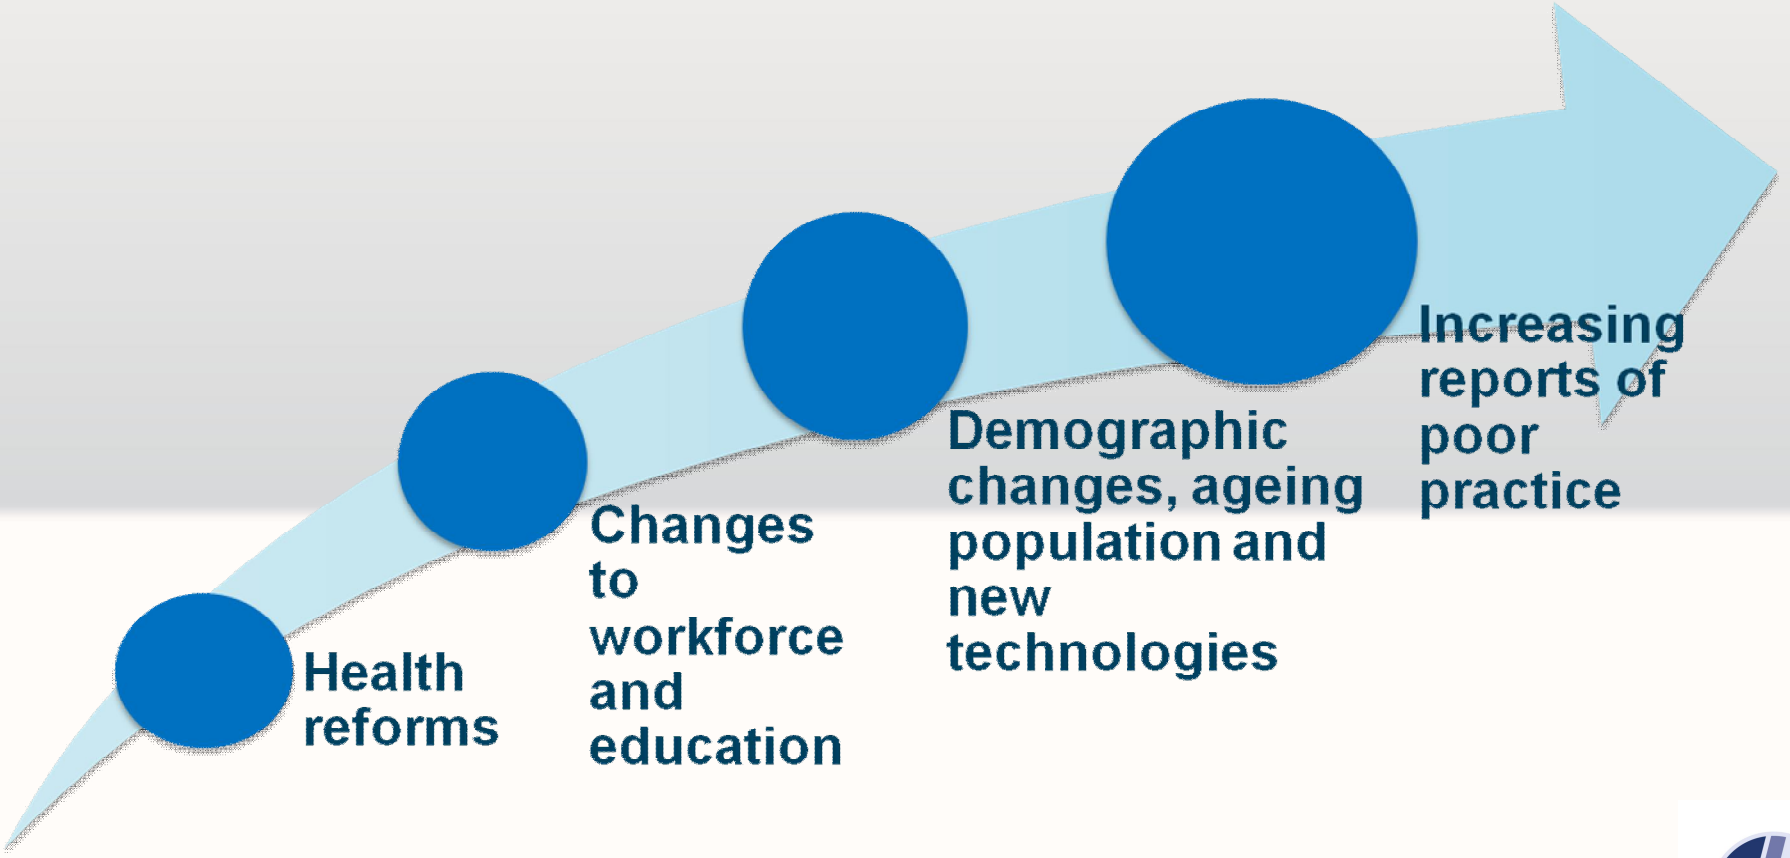
More than two decades of experience supporting UK nurses in leading innovation

Unique hands-on approach

Enabling and systematic approaches rather than ‘telling’ and ‘doing’

Putting people at the centre

Challenges for Nursing Practice



Nurses working Innovatively to improve practice

- Understanding and using patient experience
- Working within complex context and cultures
- Enabling people to flourish
- Reigniting a passion for quality nursing

FoNS

Enabling Workplace Innovation

Our Vision

To inspire and enable improvement in patients' experience of healthcare by strengthening our position as a UK Centre for Nursing Innovation.

Our Mission

FoNS exists to help nurses to transform how they work, use innovative, knowledge based approaches to improve the practice of caring and ultimately provide the standard of person-centred nursing that ensures patients feel respected and safe

Our Values

Nursing.	We value nursing that is compassionate, safe and person centred
Knowledge	We value knowledge, recognising that both theoretical and practice knowledge contribute to excellence in nursing
Patients	We value patients and wish to see their voice, experience and involvement shape the delivery of nursing practice
Learning.	We value clinical and academic learning, leadership and ways of working that transform workplace cultures and inspire nursing as a caring profession
Partnership	We value collaboration and partnership

Enabling Workplace Innovation

Our Central Commitments

Advancing the nursing profession for the ultimate benefit of patients and their families

Supporting nurses to be the highly skilled and compassionate carers they wish to be

Promoting investment in innovation and transformational activities that result in more effective person-centred workplace cultures that enhance everyone's experience of healthcare

Strategic Ambitions

- To generate and share knowledge on practice improvement, innovation and transformation
- To be a leader in transforming and improving nursing and healthcare practice
- To maximise FoNS' potential by strengthening and expanding partners and collaborators
- To be a stable, effectively managed and governed charity
- To enable staff to flourish and make a significant contribution to FoNS
