Commissioning 2011/12

edexcel
advancing learning, changing lives

Vital that all participants understand the basics of the national demand-led funding formula (16-18)

In particular, the impact of changes to:

> SLN ratio

> National base rate

> Provider factor

Hint: New aggregate data collection deadline is the first Monday in October (04/10/10)

Funding guide

However, commissioning decisions will also focus on local and provider performance and data, e.g.

> Demographics and demand
> Programme success rates
> Qualification success rates
> Credit success rates
> Weighted credit success rates
> Minimum Levels of Performance
> Framework for Excellence
> Inspection reports and grades (Ofsted)
> Value added scores (YPLA, ALIS and ALPS)
> Contextual value added (DCSF)
> Curriculum mix and balance

Critical role for YPLA will be to produce this and help everyone use it to the benefit of learners

Performance & data guide
