Who Do You Think They Are?

People occasionally make snap judgements about others depending on what job they do. Do you ever do this?

Look at the following pictures from three different peoples' Facebook profiles.

- What does each character do as a career?
- What are they like?
- Are they the sort of person you would be friends with?
- Where did they grow up?
- Where do they live now?
- How much money do they have?

Now find out more about the characters by downloading the "who do you think they are" Characters sheet. Read through them then answer the following questions.
