Our Process for Setting up SSCs

Study Mandate of NSP 2009

- Role of Industry, Government, NSDC, SSCs
- Enabling environment of NVQF, Quality, regulatory structures

Interface with Global Models

- Research and analyse models
- Extensive interaction with UK, German, Australian, NZ SSC leadership
- Discussion with global experts from WB, ILO, INSSO

Creation of Straw Model

- Created an Approach Paper giving basic features of an Industry led, self sustaining SSC
- Incorporated feedback from UK, Australia, INSSO and others
- Internal review and improvement
- Set of Basic Documents – SSC Toolkit on NSDC Website

Advocacy to Industry Sectors

- Presentation of SSC Model to various industry forums
- Active support from all stakeholders – Government, Industry Associations, Industry players, trade unions academia
