# Key characteristics of EU Sector Councils

| | | | |
|---|---|---|---|
| Decision, leadership and steering by European social partners | Involvement of representatives of education and training providers | Initial scope: information exchange and dialogue | Cooperation with existing EU initiatives |

Social Europe

# Value-added of an EU Sector Council?

- Access to more information at less cost
- Platform of exchange between sector representatives and education/training providers
- Recommendations to draw attention of policymakers
- Peer learning for national/regional councils
- Increase transparency and mobility on EU labour markets
